

*Fun for a Fraction of the Cost*

**MasterCraft ProStar 197**

- The ProStar 197 is built on the legendary EVO hull whose focus is towing skiers to their best, whether that's on the world stage or a backyard pond.
- The ProStar 197 hull is still unmatched in the industry – it has pulled more world record performances in slalom, jump and trick ski than any other hull.
- The ProStar 197 is certified by AWSA for ALL competitive waterski events.
- The ProStar 197 is the perfect boat for the family who loves to ski but needs the added space of the open bow.
- The ProStar 197 has 16 cubic feet of storage with a highly convenient rear storage locker for your skis, ropes, gloves and binding lube.
- The ProStar 197 comes standard with multi-port electronic fuel injection for turn-of-the-key starting, smart rack and pinion steering system for needle-like precision MasterCraft Cruise and drive-by-wire technology for holding speeds within .2 mph.
- The ProStar 197 is under 20 feet so it is a perfect fit for those that need to store their water toys in the garage (or have to deal with private lake regulations).
