

*Fun for a Fraction of the Cost*

**MasterCraft X-Star**

- The X-Star is a known quantity and can stand on its own in terms of real "wake world" credibility – it is the official towboat of the X-Games, Pro Wakeboard Tour, IWSF World Cup, Parks Double or Nothing, Double Up Del Noche, Supercross and Dew Action Sports Tour... more events two fold than the competition
- The X-Star is the only boat to win 4 consecutive wakeworld.com Rider's Choice Awards which means most riders recognize the superiority of this wakeboard machine, even if they ride behind the "other guys"
- The X-Star is the only wakeboard boat to pull riders to three official 1080's – notably the hardest trick in the current book but apparently a little easier with the wake of the X-Star
- The X-Star has the unmatched innovation of the AP-1 hull which means the X-Star doesn't need gimmicks like a trim tab or foil to create the ultimate wake
- The X-Star is was the first boat designed with the innovative pickle-fork bow that allows for more seating and also creates space for the standard bow ladder and anchor locker
- The X-Star has nearly 90 cubic feet of storage for all your stuff or for more ballast bags... if you dare
- The X-Star comes standard with MasterCraft's newest innovation, the VDIG (Video Digital Gauge) as well as a tower, rotating board racks, hard triple tank ballast system that will gulp down 1000 lbs of H2O, and a premier sound system that will let everyone know you have definitely arrived.

**Vessel Color And Options Subject To Change**
